### Curator

**Monty Montgomery**

Born and raised in the rural Blue Ridge Mountains of Virginia, Monty Montgomery earned his BFA from Longwood University in 1998. Currently based in San Diego, CA working on collaborative projects with other artists, Monty has previously worked in graphic design in Virginia Beach, Charlottesville and Boston. His artistic vision can best be described as an emotional language created using his innate intuition about color and object relationships to connect with the viewer. Exposure to divergent settings and combining urban sensory input with his impressions of the natural landscape has inspired a collision into one expression where he attempts through color theory, mathematics and abstraction to share his journey and create a unique geometric style.
